

# Wellness Membership

at Village Health Services  
Holistic...Realistic

## What?

We encourage our patients and clients to regularly care for themselves. In order to make access to our services easy and affordable, we offer wellness memberships that represent a *10-20% savings over a la carte services and fees.*

## Why?

At Village Health Services, we agree with the philosophy of traditional Chinese medicine: you pay us to keep you **HEALTHY**, rather than waiting to pay us more when you are sick! Achieving and maintaining health and wellness takes time and devotion to self-care.

## You Choose

You choose how to spend your monthly service units. Feel free to try various treatments or spend all your units on one service. This lets you try new practitioners, sample new techniques, and find out what works for you.

## How Much?

### Up to 20% Savings

**\$320 per month:**  
*Family Membership*

Receive **64** service units for use by family members.

**\$200 per month**

Our Members receive **40** service units.

### Up to 15% Savings

**\$165 per month**

Our members receive **30** service units.

### Up to 10% Savings

**\$116 per month**

Our members receive **20** service units.

## Your Commitment

To receive these membership discounts, **you must commit to a 3, 6 or 12 month contract.** Your membership fee will be automatically paid through your debit or credit card. Service units must be used in the calendar month they are purchased.

## Our Commitment

As the seasons change, so does your life and your health. Entry into the integrative health care philosophy of our clinic starts with a complimentary Health and Wellness Assessment—a \$175 value. Once we have an understanding of your mind, body and spirit, we can help you formulate health and wellness goals. Our care coordinator continues to work with you to make sure your health care goals are current and on track.
